

WARMING UP THE STREETS OF JOZI

An Invelaphi Engineering Initiative

Once again it's that season that makes one appreciate the little they have been blessed with in order to survive, roof over your head, blanket, bed, heater and food etc.

This year **Invelaphi Engineering** will be creating awareness by providing winter clothes, blankets and food for the homeless in the streets of Johannesburg, through the **WARMING UP THE STREETS OF JOZI** program we aim to assist and give hope to the homeless and also to create and build a much better society, a community willing to lend a helping hand and see each other through hard times.

With all that been said we would like to extend our invitation to everyone, individuals and companies to join us on **Friday 10th July 2015** as we embark on the WARMING UP THE STREETS OF JOZI CAMPAIGN, Bring along your old clothes, blankets, shoes, sox, scarfs jackets anything you no longer need in your wardrobe lets give it to someone who does.

We will also be bringing along our gas stoves to cook food for the homeless so you are welcome to bring tin stuff, bread, tea bags, anything to assist is welcomed.

Campaign: WARMING UP THE STREETS OF JOZI

Meeting point: Ghandi Square City of Joburg

Date: Friday 10 July 2015

Time: 07H00 TILL WE ARE DONE 😊

"Family is not about blood. It's about who is willing to hold your hand when you need it the most"
